Men's Vs Women's Gloves

Glove sizing can be a mess. In one brand one may wear a XXL and in another, one can't fit in a XXXL. The Women's gloves are different from the Men's by having the fingers shorter. The Passenger Glove & the Women's Classic Rider Glove are sized for Women. Therefore measure your hands, as shown below, before placing your order.

Measuring Tips

Measure your hand with a tape measure around the hand, loosely crossing the center of the palm and crossing on top of the knuckles of your hand (indicated by the red line in the illustration on your right).

Measure your dominant hand - the right if you are right-handed, and the left if you are left-handed.
